

XV WORLD FORESTRY CONGRESS

Building a Green, Healthy and Resilient Future with Forests

2-6 May 2022 | Coex, Seoul, Republic of Korea

A CONVERSATION EXPLORING THE INTERSECTION BETWEEN OUR **FUTURE FORESTS** AND **YOUNG FOREST STEWARDS**

MAY 3, 2022
6pm-7:30pm
KST

As future stewards of forest ecosystems, youth are positively influencing and changing aspects of forests and their resources.

This fireside-chat-inspired side event explores the diverse and dynamic profession of forestry. Join and discuss how local environmental issues, cultural backgrounds and career trajectories influence management practices across forested landscapes.

This moderated dialogue provides an opportunity for you to hear from diverse forestry professionals on their lived experiences while working in forestry. There will be structured networking opportunities with the professionals following the dialogue.

This event will be moderated in English. Translation will be made available to Spanish, French, Korean.
